INTRODUCTION:

We are glad to introduce ourselves as one of the pioneers in manufacturing all type of flexible hose assemblies in high pressure hydraulic Rubber hose, Thermoplastic Hose, PTFE/Teflon Hose, Industrial Rubber Hose, PVC Hose, SS Corrugated Hose etc., based at Changodar, Ahmedabad.

We have state-of-the-art technology equipments to manufacture Flexible Hose assemblies and the hose assemblies manufactured by us are subjected to vigorous test parameters before supplying the same to our esteemed customers in the fields of Hydraulic Machinery Manufacturers, Plastic Injection Moulding Machine manufacturers, Cement Industry, Engineering Industry, Packaging Industry, Textile Industry, Air conditioning Industry, Pharmaceutical Industry, Construction Industry, Ceramic Industry, Infrastructure Industry, Oil & Gas Industry, Paints & Chemical Industry, etc., ensuring high quality standards with unique service dimensions. We deal with the following products:

HIGH PRESSURE HYDRAULIC RUBBER HOSE ASSEMBLIES FOR:

- Heavy Earthmoving Equipments
- Road Construction Equipments
- Special Purpose Hydraulic Machineries
- Hydraulic Presses, Shearing Machines, Elevators, Jacks etc.

INDUSTRIAL RUBBER HOSES FOR:

- Rock drill/Steam/Carbon-free/Sand blast/Petrol applications
- Cement transfer/Concrete transfer/Dredging hose etc.,
- Thermoplastic/PTFE hose for Chemical transfer
- PVC hose for air-water/pneumatic applications

SS CORRUGATED/INTERLOCK HOSE ASSEMBLIES FOR:

- Corrosive chemical transfer
- Steam applications
- High temperature transfer of oil/air applications
- Food grade material transfer

MACHINED COMPONENTS FOR:

- All type of Hydraulic Fittings in SS and MS material
- Adaptors and Hex Nipples
- Camlock and Tri-clover fittings
- Flanges of SAE and ASA standards

CRIMPING UNIT MACHINERIES:

- Crimping Machine to crimp Hoses upto 5" ID
- Hose Cutting Machine
- Hose Skiving Machine
- Roll marking machine
